

Doctors: Neil Poskitt, Sally Hoskins, Andrew McMEnamin, Robyn Parker, Ron Vail, Sarah Dalziel

With the change from level 2 to level 1, all our services are back up and running as normal with a few exceptions:

- Face to face appointments are now open, however virtual appointments with nurses and doctors are still available if required by phone or video
- We are limiting the number of patients in our waiting room and observing safe distancing between patients. We do ask if you have signs of fever, coughing, a sore throat, head cold, vomiting or difficulty breathing, you contact us before your appointment.
- We will continue to have a dedicated 'hot area' separate from the rest of the surgery, where patients with any respiratory symptoms will be reviewed.

We are also excited to welcome back Pathlab to Te Ngae from Monday 15th June, open Mon-Fri from 9am to 12pm.

With Chris Fyfe joining us last week as Practice Manager, we will be saying goodbye to Pip Oliver. She has been with us for the last few years and has done some awesome things for the practice, staff and our patients. Her last day with us will be in two weeks, and we wish her well for the future.

Just a reminder, Dr Andrew McMEnamin is in the process of reducing his hours. If any patients are happy to transfer to another one of our amazing doctors, please contact Dianne on [Dianne.Gordon@raphs.org.nz](mailto:Dianne.Gordon@raphs.org.nz)

For practice updates, please check out the website: [www.tengaemedical.co.nz](http://www.tengaemedical.co.nz) and if you would like to sign up for our newsletter mailing list, please email us on [tengaeadmin@raphs.org.nz](mailto:tengaeadmin@raphs.org.nz)

We look forward to seeing you all soon, from the Te Ngae Medical Team!
