November Newsletter

Staff News

We have some exciting new additions to our team this month!

Starting Monday 30th November, we are delighted to welcome Emma McCallum to our GP team and working Monday morning and afternoon, Tuesday afternoon, Thursday morning and afternoon and Friday morning.

Tracey Henderson is also joining our clinical team this month as a Health Care Assistant with the aim of offering a more personalised service for our patients.

Christmas & New Year

With the festive season fast approaching, please remember to get your prescription requests in to us with plenty of time. We do recommend requesting prescriptions at least two weeks in advance. Please email tengaenurses@raphs.org.nz with your requirements and pharmacy you would like it sent to if required.

We are closed on the following dates:

Christmas Day: Friday 25th December 2020

Boxing Day Observed: Monday 28th December 2020

New Year's Day: Friday 1st January 2021

New Year Holiday: Monday 4th January 2021

COVID Update

Please stay vigilant when visiting our practice. Even though we are still at Level One, we do require you to use our contact tracer and if you are feeling unwell to phone us before your appointment and let us know.

Meningococcal Vaccine Update

A reminder that Meningococcal ACWY vaccine eligibility will change after 30th November to include only those who are entering their first year of living in boarding school hostels, and tertiary education halls of residence.

It is currently free for all young people aged 13 - 25. If you have any questions in regards to this, please get in touch with your GP or contact immunisation@health.govt.nz

Enrolment Update

There are a number of current patients who have not yet completed a new patient assessment with us. We will be contacting these patients in the coming months to ensure these have been completed.

We are also going through all current enrolments in the coming months and if any of our patients have not been seen in the last three year period, we will be requiring a new enrolment form to be filled out before the next appointment.
